Greenville County Council 301 University Ridge, Suite 2400 Greenville, SC 29601

RE: SIMPSONVILLE FIRE SERVICE AREA

Honorable Chairman Taylor, Vice Chairman Kirven and Greenville County Council:

Pursuant to County Ordinance No. 3821, in 2005, the City of Simpsonville (the "City") and Greenville County (the "County") executed a ten-year agreement (the "Agreement") for the Simpsonville Fire Department (the "Department") to provide fire service within the Simpsonville Fire Service Area (the "FSA"). At this time, the City would like to request your consideration to renew this Agreement for an additional ten years as well as to approve an accompanying ten-year Capital Improvement Plan (the "CIP").

The Department's readiness and training meets a high standard for fire service provision. As a result, it has improved its ISO rating from 3 to 2. The County's cooperation with the City played a great part in making this jump.

The Department continues to find the most cost-effective solutions to provide for increased compensation and operational costs, replacing outmoded equipment, and providing additional facilities. Fiscal year 2015-2016 operational expenditures are projected at approximately \$4.7 million. Continuing previous capital improvement plans, the City anticipates expanding FSA facilities (the land for the additional substation was purchased from the FSA GO Bond, Series 2008B), replacing and adding additional equipment and adding personnel to provide fire protection and rescue services.

We ask that you consider the following:

- Population in the Greenville County portion of the FSA continues to grow; the County portion of the FSA covers 22 square miles and the City portion of the FSA covers 7.5 square miles.
- In their ISO rating, the Department scored 80.18 points. To achieve a class 2 rating, the minimum score is 80 points. The improvements in the ten-year CIP will be absolutely crucial in helping the Department maintain an ISO rating of 2.
- The *most important reason* for these improvements is that lives will be saved and our firefighters will experience significant improvement in their personal safety.

The current operating millage for the Simpsonville FSA is 26.0 mils and 0.0 mils for debt service. In order to fund the CIP and adequately staff the FSA, additional millage increases are necessary to implement and staff the ten-year CIP. The City is requesting a 15.4% operational millage increase (maximum CPI + population under the three-year lookback + current year millage caps pursuant to Statute), or 4.0 mils, which equates to an increase in revenues of approximately \$460,000. The City is also requesting a 2.7 debt millage increase, which will help finance a substation in the FSA, land purchase, and necessary equipment that will serve the FSA. Such combined millage increase for operations and debt would equate to approximately \$26.82/\$100,000 home (or \$2.24/month).

Attached you will find the updated ten-year revenue and expenditures projection and capital improvement program; the Resolution recently adopted by the City in support of the CIP; as well as the millage increase application. Please review the attached information and let us know if you have any questions. Thank you very much for your continued support and consideration of a renewed Agreement for the FSA.

Sincerely,

David C. Dyrhaug City Administrator

City of Simpsonville South Carolina

A RESOLUTION

A RESOLUTION TO APPROVE AND ADOPT A TEN YEAR CAPITAL IMPROVEMENT PROGRAM FOR THE SIMPSONVILLE FIRE SERVICE AREA, GREENVILLE COUNTY, SOUTH CAROLINA

WHEREAS, the City of Simpsonville (the "City") has a contract with Greenville County (the "County") to provide fire suppression and other fire protection related services to county residents residing outside the City limits (the "Fire Service Area"); and

WHEREAS, the City Council seeks to renew the City's contract with the County to provide fire suppression and other fire protection related services to the Fire Service Area; and

WHEREAS, in order to provide the required services to meet the requirements of the contract and to meet the fire protection needs to the residents of the Fire Service Area certain capital improvements (the "Capital Improvement Program") must be undertaken; and

WHEREAS, proper planning and management for the provision of fire services in the Fire Service Area requires a long range, ten year plan to keep up with and adequately respond to the growth and demand for services in the area; and

WHEREAS, it is the finding of the City Council, the Simpsonville Fire Chief and the City Administrator that not only is the Capital Improvement Program necessary to adequately serve the needs of the residents of the Fire Service Area, but if implemented, should enhance those services; and

WHEREAS, the City provides a full time, professionally managed and trained staff of firefighters who undergo rigorous continuing training to be ready and skilled in fighting fires, saving lives and protecting property; and

WHEREAS, it is the further finding of the City that the implementation of the Capital Improvement Plan will result in:

- Reduced response times for calls for service;
- Enhanced fire protection services being provided throughout the Fire Service Area; and
- The real potential for saving lives and increasing safety for firefighters.

NOW, THEREFORE, BE IT RESOLVED that Simpsonville City Council hereby approves the Capital Improvement Plan for the Fire Service Area that is attached hereto and made a part thereof by reference.

IT IS FURTHER RESOLVED that the City Administrator and the Simpsonville Fire Chief design and carry forward a plan to implement the Capital Improvement Program, subject to the receipt of funding and appropriation by Simpsonville City Council, and to seek adequate financing from Greenville County to fund the program.

DONE IN REGULAR MEETING THIS 14th DAY OF APRIL, 2015.

Does your district house an EMS vehicle?		Y / N

For the following questions, please provide the more detailed information necessary to understand the complexities for your district. You may attach separate sheets as necessary to fully answer the questions.

1. Please describe any businesses or structures which require special equipment or represent potentially dangerous calls.

Within the District, there are several locations that are classified as Hazardous according the International Fire Code based on the materials used and /or the manufacturing process itself. Included in this list is Kemet, Sealed Air/Cryovac, Royal Adhesives, Fitesa, and Milliken. Within the district we have large box stores, such as, Lowes, Home Depot, Wal-Mart and large shopping centers throughout.

There are four 4-story hotels and eleven multi-story apartment complexes with the District that require the need for an aerial apparatus due to height and/or size of the footprint of the building.

Please list any mutual aid agreements or operational or resource sharing agreements your district participates in with other fire districts.

The Simpsonville Fire Department currently has a County wide mutual aide agreement and a State wide mutual aide agreement. We have a signed rapid intervention team agreement with the County Fire Chief's Association. We also work with neighboring department's to share information and recourses when needed.

3. Please describe how, if at all, the requested millage increase will impact your district's ISO ratings.

We were last evaluated in May of 2013 and received a score of 80.18 giving us a class 2 rating (Class 2 Points 80-89.99). As you can see we only made a class 2 by .18 points. With the continued grow within our district we could very easily lose our rating if we do not continue to grow our services and protection. In 2009 we purchased land for the construction for a much needed station five to help with credits for station distribution, additional personnel and apparatus. We are asking for your assistance with funding these improvement as well as cost sharing regarding the Department Aerial apparatus and replacement Fire Engine that serve both the City and the FSA. By replacing the Aerial we can place the current (1996) unit in reserve and receive credits for having a reserve unit. All this would insure that we can maintain a stronger class 2 and not jeopardize losing it.

4. Please describe the tax-exempt properties in your district and the services you provide to these entities.

There are seven public schools, one hospital, and 27 churches located within the District. Those entities receive the same level of coverage as all other businesses.

	Please assign a priority rating to your millage increase request from the following options: Priority 1
	Priority 1 : Without the increase, we cannot continue to provide the level of service that we are giving currently. Our ISO ratings could be affected negatively. The need is dire.
	Priority 2 : Without the increase, we cannot purchase needed equipment to improve the level of service we are currently giving. ISO ratings may or may not be improved. This priority level also allows for needed specialty equipment to be acquired.
	Priority 3 : Without the increase, we can continue to provide excellent service to our district, but the increase will allow us to improve our operation in an exemplary way. ISO ratings may potentially be improved.
	Opportunity for Council person(s) statement:
Ι, _	, County Council representative to this fire district, Support / Do Not Support this request
I, _	, County Council representative to this fire district, Support / Do Not Support this request
I, _	, County Council representative to this fire district, Support / Do Not Support this request
Ple	 ase include with your application the following documents: A formal letter from the Commission stating the intentions to either maintain or increase millage; Last year's financial audit; A five-year plan (spreadsheet) showing projected revenues as well as operating and capital expenditures; Any background information necessary to justify the need of a millage increase; and A signed resolution from the governing body approving the operating/capital plan and millage increase.

All applications should be mailed or emailed to: Greenville County Finance Committee Attn: John Hansley, Deputy County Administrator 301 University Ridge, Suite 2400 Greenville, SC 29601 or
