	<p>significant impact on the surrounding area. The proposal is inconsistent with the surrounding zoning and density of the surrounding established neighborhood. Further, this site contains a significant flood zone, a proven hazard area. This flood area should be avoided, especially from significant residential development, to ensure safety of homes during major storm events.</p> <p>Based on these reasons, staff recommends denial of the requested FRD, Flexible Review District.</p>
<b>P&amp;D Committee</b>	<p>February 1, 2016: The Committee recommended amending the application to add a 25 foot buffer to include evergreen vegetation to screen from adjacent residential uses.</p> <p>March 14, 2016: The Committee updated their recommendation to amend the application adding a 15 foot buffer to include evergreen vegetation to screen from adjacent residential uses.</p>
<b>Council</b>	<p>February 16, 2016: Council returned the item to P&amp;D Committee to allow for further discussion regarding the amendment and stormwater.</p>
