Staff Report	<p>The subject parcel zoned S-1, Services is 1.43 acres of property located on Courtland Drive approximately 0.5 miles northwest of the intersection of Old Buncombe Road and Sulphur Springs Road. The parcel has approximately 100 feet of frontage along Courtland Drive.</p> <p>The applicant is requesting to rezone the parcel to R-MA, Multifamily Residential. The surrounding land uses consist of single-family residences to the north and south, as well as zoned vacant residential land to the east. Floodplain is present along the western portion of the parcel.</p> <p>The applicant did not state the proposed land use.</p> <p>The subject property is located in a residential area and would be consistent with the surrounding zoning. Staff is of the opinion that the requested rezoning of R-MA is a more appropriate fit for the current residential neighborhood.</p> <p>Based on these reasons, staff recommends approval of the requested rezoning to R-MA, Multifamily Residential.</p>					
GCPC	<p>At the Planning Commission meeting on September 28, 2016 staff stated they had received a request from the applicant to amend his rezoning request to R-20. The Commission denied the request for R-MA, but would be supportive of an R-20 zoning.</p>					
P&D	<p>At the Planning and Development meeting on October 3, 2016 the Committee amended the requested rezoning from R-MA to R-20, with an approval of R-20 zoning.</p>
