APPLICATION FOR COUNCIL GRANT ASSISTANCE WITH LIFE SAFETY WATER LINE INSTALLATION

Applications will be based on health and life safety issues that include contaminated/non-potable wells, dry wells and fire protection. Greenville County Public Works Department, Engineering Division, will take applications for Council Grant Assistance with Life Safety Water Line Installation. Applications will be reviewed and scored by the Facilities Project Manager, Assistant County Administrator for Public Works, and the Engineering Division for completeness and criteria and will be submitted to Public Works, Planning and Development Committee for consideration on a first come, first serve basis.

This is a 50/50 grant program; therefore, the County of Greenville, upon approval by County Council, will provide 50% and the applicant will provide the other 50% for the installation of the water main and/or fire hydrant down the public road. The applicant has 60 days to secure their portion of the funding and remit to the County of Greenville. The respective property owners are responsible for the tap/meter fee and connection to the dwelling.

To whom it may concern:

This letter is in reference to the water line and hydrant being requested by Mr. Jason Thompson at 8 Whitepine Lane Greenville, S.C. 29617. Having the water line extended in that location would be beneficial to the entire surrounding area. There are few hydrants in that area, none within at least 1500 feet. Meaning to provide fire coverage we would have to shuttle water with a tanker to this area. With the population growth in our area the need for more water grows also.

Thank you for your time and consideration in this matter.

Sincerely,

Chief Lee Kelly
