APPLICATION FOR COUNCIL GRANT ASSISTANCE WITH LIFE SAFETY WATER LINE INSTALLATION

Applications will be based on health and life safety issues that include contaminated/non-potable wells, dry wells and fire protection. Greenville County Public Works Department, Engineering Division, will take applications for Council Grant Assistance with Life Safety Water Line Installation. Applications will be reviewed and scored by the Facilities Project Manager, Assistant County Administrator for Public Works, and the Engineering Division for completeness and criteria and will be submitted to Public Works, Planning and Development Committee for consideration on a first come, first serve basis.

This is a 50/50 grant program; therefore, the County of Greenville, upon approval by County Council, will provide 50% and the applicant will provide the other 50% for the installation of the water main and/or fire hydrant down the public road. The applicant has 60 days to secure their portion of the funding and remit to the County of Greenville. The respective property owners are responsible for the tap/meter fee and connection to the dwelling.

Applicant's Name Curtis Steading Phone Number 864-303-1575
Street Address 321 Circle Rd. Greer SC 29657
Mailing Address (if different) _____

Specific detailed information concerning this request:

• What public water type of needed - water pressure assistance is failure needed _____

• Why needed the assistance is _____

Re: Water Main extension at/near 321 Circle Road

I was asked by the residents, Curtis and Amy Steading of 321 Circle Road, Greer, S.C. to evaluate the current situation from a fire safety standpoint for this location and surrounding area. This section of Circle road, although there is water close by, this address as well as a number of others is well beyond the 1,000 feet distance that is required for adequate fire protection. This puts the fire department into a situation of realistically no feasible public water supply. What that means for us is that in the event of a fire in this area, we would have to shuttle water in to the area from other fire hydrants in the general vicinity. Doing so is a part of our normal operations, but does extend the time and resources to adequately providing fire protection in a fast, efficient manner. The other area of concern is the rates that homeowners pay for property insurance, any are outside 1,000 feet from a public fire hydrant will normally pay a much larger amount of money for their homeowners insurance.

There is no question that the extension of the water main along with the installation of a public fire hydrant would make this a safer and more efficient situation for not only the Steading residence but several others nearby. We certainly support the idea of doing both.

Please contact me if I may be of further assistance. Office- (864)877-1247 or pjolley@pbfd.com.

Sincerely,

Phill Jolley

Subject: RE: Circle Drive Water Line Grant - Atkins

Paula:

Correct.

GW will receive payments from the County in the amount of \$35,130.00 to extend to PIN 0549010100207 and in the amount of \$630.00 to extend to PIN 0549010100201 for a total of \$35,760.00.

Thanks,

Susan

Subject: RE: Circle Drive Water Line Grant - Atkins

Susan,

Just to be clear their cost would be 315.00 or half of the 630!

To: Gucker, Paula

Subject: RE: Circle Drive Water Line Grant - Atkins

Paula:

In that case, you are correct. The cost to extend from PIN 0549010100207 to serve PIN 0549010100201 is 21 feet x \$30/foot = \$630.00.

Thanks,
Susan

He has paid his half and we are waiting to go to the next council committee meeting on the 17th of July. The Steadings would like to go then also.

Paula:

The quote to Mr. Atkins to extend to PIN 0549010100207 is \$35,130? Has he paid his half of this?

Thanks,
Susan

The Steadings are not willing to split the cost with Atkins. Just the extension from 320 to 321. So their cost would be \$630 is that correct.
