Staff Report	<p>ANALYSIS:</p> <p>The subject property is located within the Scuffletown Rural Conservation District and is in the <u>Scuffletown Area Plan Review</u>, where it is designated as <i>Rural Residential</i>. Floodplain is not present on this parcel. There is also no public transportation servicing this parcel, as well as no sidewalks along the subject property.</p> <p>SUMMARY:</p> <p>The subject parcel zoned PD, Planned Development, is 1 acre of property located on Roy Thomason Road approximately 1.25 miles north of the intersection of Lee Vaughn Road and Scuffletown Road. The parcel has approximately 100 feet of frontage along Roy Thomason Road. The applicant is requesting to rezone the property to R-S, Residential Suburban.</p> <p>The applicant states the proposed land use is for the parcel to be taken out of Copper Creek Planned Development and rezoned back to R-S, Residential Suburban.</p> <p>CONCLUSION:</p> <p>The subject site is currently part of a Planned Development known as Copper Creek, and has</p>

	<p>remained vacant throughout the development of Copper Creek. The applicant is now requesting for this parcel to be taken out of this PD and returned to the parcel's original zoning. A piece of a different parcel, that is of the same size, was swapped for this parcel that was then added into the Copper Creek subdivision. Rezoning this parcel to R-S, Residential Suburban would allow the parcel to go back to its original zoning.</p> <p>Staff is of the opinion the requested zoning is consistent with the surrounding zoning and land uses in the area. The requested zoning is also consistent with the <u>Scuffletown Area Plan Review</u> recommending 1 to 2 units per acre.</p> <p>Based on these reasons staff recommends approval of the requested rezoning to R-S, Residential Suburban.</p>
