

On behalf of Councilwoman Seman and myself, I move to appropriate \$400,000 in each the FY2022 budget and FY2023 budget for the Greenville Convention Center. As part of this motion, Council directs the administrator to work with the City of Greenville and other stakeholders to put together and execute a plan to utilize these funds over the course of the two-year budget cycle. Additionally, as part of this motion, Council directs the administrator to coordinate and propose a viable long-term solution for the Greenville Convention Center prior to FY2024.
