### ARTICLE III

#### SPECIAL SOURCE CREDITS

##### SECTION 3.01. Payment of Costs of Infrastructure.

The Company and any Project Affiliates shall be responsible for payment of all Costs of the Infrastructure with respect to the Project as and when due, other than those Costs of Infrastructure for which any governmental and/or non-profit entity has expressly agreed to pay, such as costs of environmental cleanup or remediation.

##### SECTION 3.02. Special Source Credits.

(a) Except as otherwise provided in this Section 3.02, in order to reimburse the Company for a portion of the Cost of the Infrastructure with respect to each Phase of the Project, the County shall provide Special Source Credits to the Company and to any Project Affiliate on an annual basis in the amount equal to the Special Source Credits Percentage for a period of thirty (30) consecutive tax years for each Phase of the Project beginning with the tax year immediately following the year in which the applicable Phase of the Project is first placed in service and continuing for each of the twenty-nine (29) tax years thereafter (“Credit Period”). The Special Source Credits granted in this Section 3.02(a) shall be calculated by multiplying the applicable Special Source Credit Percentage set forth in Section 3.02(d) below by the Net Fee Payments with respect to the Project (that is, with respect to investment made by the Company or any Project Affiliates in the Project during the Investment Period) for the respective tax year. The Company may elect, with respect to any parcel of land constituting the Project, to defer the start date of the Credit Period until the improvements upon the land have been placed in service by providing written notice to this effect through the delivery of a certification in substantially the form attached hereto as Exhibit B to the County Assessor’s Office.

(b) Notwithstanding anything herein to the contrary, under no circumstances shall the Company or any Project Affiliates be entitled to claim or receive any abatement of *ad valorem* taxes pursuant to Sections 12-37-220(A)(7), 12-37-220(B)(32), or 12-37-220(B)(34) of the Code for any portion of the investment in the Project for which a Special Source Credit is taken. Each of the Company and any Project Affiliate hereby waive the right, if any, to receive any abatement of *ad valorem* taxes for any portion of the investment in the Project for which a Special Source Credit is taken. The Company and the Company agree that notwithstanding such waiver, if they receive any abatement of *ad valorem* taxes for any portion of the investment in the Project for which a Special Source Credit is taken, the amount of the Special Source Credit that the Company and any Project Affiliate are otherwise eligible to receive shall be reduced by the amount of the abatement *ad valorem* taxes for the portion of the investment in the Project for which a Special Source Credit is taken.

(c) In no event shall the aggregate amount of all Special Source Credits claimed by the Company and any Project Affiliate exceed the amount expended by the Company, any Project Affiliate, and any governmental and/or non-profit entity or organization collectively with respect to the Infrastructure at any point in time. The Company shall be responsible for making written annual certification as to compliance with the provisions of the preceding sentence through the delivery of a certification in substantially the form attached hereto as Exhibit B to the County Assessor's Office. Further, any amount of reimbursement of the Company or any Project Affiliate for Infrastructure expenditure by way of a Special Source Credit may not be duplicated through a Special Source Credit to any other entity for the same expenditure.

(d) For purposes of this Agreement, Special Source Credits Percentage shall be determined as follows:

(i) until such date as the Company and all Project Affiliates have invested an amount not less than the Five Year Investment, the Special Source Credits Percentage shall be forty percent (40%); and (ii) assuming the Five Year Investment is made by the date of the Five Year Milestone, following the date that the Five Year Investment is made, the Special Source Credits Percentage shall be seventy-five percent (75%);

(ii) in the event that the Five Year Investment is made by the Five Year Milestone, but any or all of the Ten Year Investment, the Fifteen Year Investment and/or the Twenty Year Investment are not made by the Ten Year Milestone, the Fifteen Year Milestone and Twenty Year Milestone, as applicable, then the Special Source Credits Percentage for properties not already placed in service as of the applicable milestone date shall be reduced to forty percent (40%) until such time, if any, as the Ten Year Investment, the Fifteen Year Investment and/or Twenty Year Investment, as applicable, is reached; and

(iii) in the event that the Company and all Project Affiliates have not made the Minimum Investment by the Five Year Milestone, the Special Source Credits Percentage shall be zero percent (0%). In such event, this Agreement shall automatically terminate and the Company shall pay to the County upon such termination the difference between the Fee Payments that would have been made by the Company to the County through the Five Year Milestone if the Special Source Credits Percentage had been zero percent (0%) throughout such period and the actual Fee Payments made by the Company to the County during such period, together with interest thereon as would be due pursuant to Section 12-54-85 of the Code.

(iv) As an example of the provisions in Section 3.02(d)(ii), assume that the Company places the first Phase of the Project into service during 2023 with a total investment of \$60,000,000. The Special Source Credits Percentage for the first Phase shall be 75% for all taxable years after December 31, 2023 until the end of taxable year ending December 31, 2028, which would be the

Five Year Milestone. Assuming the Project remains in service and the aggregate Project investment remains at or above the \$50,000,000 Five Year Investment, the 75% Special Source Credits Percentage shall continue until the end of the thirty (30) year Credit Period for each Phase placed in service by the end of the Five Year Milestone. Assume the Company's total investment in the Project as of December 31, 2033, which would be the Ten Year Milestone, is \$90,000,000. As such, the Special Source Credits Percentage would remain 75% with respect to all assets placed in service between the Five Year Milestone and the Ten Year Milestone but would be reduced to 40% with respect to all assets placed in service between the Ten Year Milestone and the Fifteen Year Milestone. Assume the Company's total investment in the Project as of December 31, 2035 is \$110,000,000, the Project remains in service, and the aggregate Project investment remains at or above the \$100,000,000 Ten Year Investment. In this case, the Special Source Credit with respect to all assets placed in service between the Ten Year Milestone and the Fifteen Year Milestone would return to 75% for the remaining years of the thirty year Credit Period for each such Phase.

(e) As provided in Section 4-29-68 of the Code, to the extent any Special Source Credit is taken against fee in lieu of tax payment on personal property, and the personal property is removed from the Project at any time during the term of this Agreement (and not replaced with qualifying replacement property), the amount of the fee in lieu of taxes due on the personal property for the year in which the personal property was removed from the Project shall be due for the two (2) years immediately following such removal.

(f) THIS AGREEMENT AND THE SPECIAL SOURCE CREDITS BECOMING DUE HEREUNDER ARE LIMITED OBLIGATIONS OF THE COUNTY PROVIDED BY THE COUNTY SOLELY FROM THE FEE PAYMENTS RECEIVED BY THE COUNTY FOR THE PROJECT PURSUANT TO THE PARK AGREEMENT, AND DO NOT AND SHALL NEVER CONSTITUTE A GENERAL OBLIGATION OR AN INDEBTEDNESS OF THE COUNTY WITHIN THE MEANING OF ANY CONSTITUTIONAL PROVISION (OTHER THAN THE PROVISIONS OF ARTICLE X, SECTION 14(10) OF THE SOUTH CAROLINA CONSTITUTION) OR STATUTORY LIMITATION AND DO NOT AND SHALL NEVER CONSTITUTE OR GIVE RISE TO A PECUNIARY LIABILITY OF THE COUNTY OR A CHARGE AGAINST ITS GENERAL CREDIT OR TAXING POWER. The liability of the County under this Agreement or of any warranty herein included or for any breach or default by the County of any of the foregoing shall be limited solely and exclusively to the Fee Payments for the Project in the Park. ## EXHIBIT C

### **{DESIGN INTENT SPECIFICATIONS}**

The proposed pedestrian and bicycle bridge (“SRT Bridge”) to be built across Blue Ridge Drive (a portion of state road 253) is intended to help transform the Sans Souci-Barea area by turning a blighted-burned out mill into a blossoming live-work-play-shop environment known as On The Trail. By allowing both bicyclists and walkers to safely cross Blue Ridge Drive as they enjoy the Swamp Rabbit Trail, the SRT Bridge will create a safe and signature link between downtown Greenville and On The Trail. The SRT Bridge will also serve as an economic and socially equitable asset to Greenville County and the Upstate.

The Company will consult with, and hire, a firm with prior experience building this type of signature pedestrian and bicycle bridge. The design intent will capture the rich history of the Textile Crescent with a visual interplay between the mix of both new and old presented within and around the On The Trail district. Because the SRT Bridge will not only frame the view of On The Trail, but will be a symbol of pride for the entire neighborhood, the Company will hold public meetings during the design process to allow for public input and buy-in of the final design.

The SRT Bridge will be designed with input and approvals from both the County Public Works Department and the South Carolina Department of Transportation. The SRT Bridge is proposed to have a constant width of twelve feet (12’) between the railings and an ADA compliant maximum of five percent (5%) slope. This configuration will allow for both pedestrians and bicyclist to cross comfortably and safely.

This innovative bridge will become an asset to the County and the continued expansion of the Swamp Rabbit Trail.
