APPLICATION FOR COUNCIL GRANT ASSISTANCE WITH LIFE SAFETY WATER LINE INSTALLATION

Applications will be based on health and life safety issues that include contaminated/non-potable wells, dry wells and fire protection. Greenville County Public Works Department, Engineering Division, will take applications for Council Grant Assistance with Life Safety Water Line Installation. Applications will be reviewed and scored by the Facilities Project Manager, Assistant County Administrator for Public Works, and the Engineering Division for completeness and criteria and will be submitted to Public Works and Infrastructure Committee for consideration on a first come, first serve basis.

This is a 50/50 grant program; therefore, the County of Greenville, upon approval by County Council, will provide 50% and the applicant will provide the other 50% for the installation of the water main and/or fire hydrant down the public road. The applicant has 60 days to secure their portion of the funding and remit to the County of Greenville. The respective property owners are responsible for the tap/meter fee and connection to the dwelling.

Hi Paula,

I spoke with David about this yesterday and he was in agreement that if we split this 50/50 we will install the main and get water service in front of the church.

Thanks a million, this is doable, do you need the entire amount or are we splitting it. I seem to remember we are splitting the cost.
