MEMORANDUM

TO: Chairman Willis Meadows and County Council Members

FROM: Councilor Butch Kirven

DATE: May 13, 2022

During the Requests and Motions portion of the Regular Council Meeting on Tuesday, May 17, 2022, I will be presenting a resolution requesting that the Greater Greenville Sanitation District include in its annual reports to County Council information specific to services provided to customers inside and outside of the District. The requested information is necessary for the public and County Council to determine whether the District's taxpayers are being correctly taxed for the services they receive. I will request that this resolution be referred to the Finance Committee.

This memorandum shall serve as compliance with Council Rule III (B).
