Describe your understanding of the role of a member of the board or commission to which you are applying _____

As I understand it, the position for which I am applying is charged with preserving historic and significant natural resource lands in Greenville County. Due to the significant and fast growth that Greenville county has and will experience in the future, finding and preserving these special properties is very important. The goal of the this board is to take suggestions from citizens, as well as find the properties and need preserving and carry out that task.

What specific skills do you believe you could contribute as a member of this board or commission? _____

I have extensive background in forestry as well as habitat and wildlife management. I was involved in a research study in college on the upper Cooper River. The goal of the project was to show that maintaining the historic rice fields that were established in the 1700s provided more input (food, habitat, cover) into the ecosystem than if left unmanaged and allowed to return to the pre-colonial ecosystem (old growth forest).
