Budget Director

**Re:** *No More Homeless Pets Spay-Neuter Grant*

Greenville County Animal Care was awarded a \$2,000 grant from the South Carolina No More Homeless Pets (NMHP) license plate special fund to support local animal spaying and neutering programs. The grant will be used to continue providing no-cost spay/neuter surgeries to citizens participating in Greenville County's community cat TNR (trap-neuter-return) program.

This is a continuing grant opportunity, meaning that once a grant is fulfilled, Animal Care can apply and receive additional funds (in \$2,000 increments) multiple times throughout the fiscal year provided funds remain available in the NMHP license plate special fund.

*This grant funding request does not require a matching grant from the County.*

5-11-2023

Congratulations. Your agency has been awarded the requested grant of \$2,000.00 to spay/neuter cats/dogs through the No More Homeless Pet's spay/neuter fund.

A few reminders:

All animals must be privately owned by low income individuals/families. Please don't forget to fill out the required spreadsheet providing all owner and pet information, including the proof they provided that they are indeed low or limited income. All fields must be completed.

When your grant is complete please don't forget to upload that information. Once this is done you become eligible for future grants. Failure to provide the required information will disqualify your agency from future grants.

Again, congratulations. The effort by your organization is greatly appreciated. If there are any questions, please feel free to contact Marli Drum at 803-776-7387.

Sincerely,

**The Board of Directors - SCACCA**

Hey Dr. Kuhn -  
Hope you all are doing great.  
Marli
