Re: HPP Grant Proposal

Dear Mr. England,

Congratulations! The Upstate Health Care Coalition Executive Board with the support of the Advisory Council has approved your grant request for the Randox Point of Care Forensic Toxicology Unit in the amount of \$102,000.00 for the 2023/2024 budget year.

Our offer of this grant is subject to a fully signed and executed contract agreement, that will be forth coming, between your organization and SC DHEC. Please do not go to any expense for this project until your contract has been fully executed. The project is not awarded until the day the contract is fully executed and any expense that is incurred prior to then will not be covered by the grant.

This project will need to be completed, goods or services received, and with evidence that the invoice has been paid, by the contract end date of 06/30/2024. Please ensure the vendor(s) of this project can meet this deadline.

Also note that we expect that the awarding organization to participate in 75% of all offered meetings, educational events, conferences, surveys, email requests, etc. and give progress information related to the project as requested.

Thank you for your support of the Upstate Health Care Coalition. We look forward to working with you and your organization.

Sincerely,

Trieste M. Underhill, Chairperson
Upstate Health Care Coalition Executive Board
Upstate Region, South Carolina
