## Chapter 1 Basis of Personnel Policy

### 1.1 Enabling Instrument

This policy handbook shall be known as the "Personnel Handbook of Greenville County, South Carolina." and It summarizes the policies, procedures and practices of the County of Greenville shall constitute the official rules affecting that apply to persons employed by Greenville County to include individuals who work at the pleasure of an elected or appointed official.

### 1.2 Authorization

This Handbook is adopted pursuant to the authority granted Greenville County Council by Section 4-9-30(7) of the Code of Laws of South Carolina (1976), as amended, and by the general laws and the Constitution of the State of South Carolina. Greenville County Council is granted the authority "to develop personnel system policies and procedures for County employees by which all County employees are regulated except those elected directly by the people, and to be responsible for the employment and discharge of County personnel in those County departments in which the employment authority is vested in the County government.

### 1.3 Mission, Vision and Values

County employees are expected to help Greenville County achieve its mission, vision and values.

**Mission:** "To provide quality public services to all citizens of Greenville County."

**Vision:** "Greenville County aspires to achieve and sustain a thriving, vibrant, diverse community with abundant opportunities for unmatched quality of life that blends tradition and innovation."

**Values:** "To emphasize the importance of our commitment to duty and service to all citizens."

### 1.4 Customer Service Strategy

**Service:** **S**piritual growth in a family environment  
**E**xcellence through teamwork  
**R**esponsible focus on community needs  
**V**isible commitment to citizens  
**I**ntegrity in all that we do  
**C**ourageous adherence to open and honest communication  
**E**ncouragement of knowledge and competence

***Greenville County is "...at your service."***

Greenville County is committed to excellent customer service through the work of its employees. As employees, we each are responsible to act with honesty and integrity. When engaged in any activity concerning the County of Greenville, we represent both ourselves and the government of Greenville County. It is vital to remember that the employees of Greenville County have internal and external customers. Internal customers can be defined as those customers served across

County departments and offices. Our external customers are the citizens of Greenville County, non-County residents, businesses, outside agencies and stakeholders. As County employees, we will provide more and better service than our customers expect.

## 1.5 Handling Complaints

Employees of the County should treat a person with a problem or concern as someone who is attempting to assist us by bringing problems to our attention. A rational explanation of County procedures and practices is a way to handle these situations. Neither discourtesy nor anger on the part of an employee has any value in situations of this nature. Arguing with an angry person will only make the situation worse.

Employees should never take a complaint as a personal attack. Use of the word “we” rather than “I” is a preferable response since employees represent the County.

Permitting people who are angry to vent their anger will many times solve the problem. Giving citizens a chance to get their complaints voiced will help them feel better and thus allow them to be more responsive to the answer the County subsequently provides.

Advise people with complaints that the County sincerely regrets that they have not received the services they desire. Expressing honest regret is always more productive than trying to make excuses.

Employees should offer to assist in a legitimate way to resolve a person's problem or concern. If the person wants to see a division or department director regarding a complaint, the employee should offer to take a message or set up a meeting when possible. Whenever possible, the department director should **immediately** respond to the complainant. When necessary or appropriate, a written reply should also be **made sent**.

Employees should attempt to get adequate information from the person with the problem or concern in order to satisfactorily resolve the problem. This information should include, at the minimum, the person's name, telephone number, nature of problem, date and time of occurrence.

It is vital that employees assure the complainant of the County's desire and intent to give them the service they deserve. In most cases persons voicing a concern are really trying to help the County serve them better. Employees should always thank citizens for taking the time and effort to communicate their problems or concerns.

## 1.6 Diversity Statement

The County of Greenville is committed to fostering, cultivating and preserving a culture of diversity and inclusion. The County of Greenville is committed to recruit, select, train, develop, and promote employees based on individual ability and job performance. Our policy is to provide equal employment opportunity to all people in all aspects of employer-employee relations without **unlawful discrimination because of race, color, religion, sex (including pregnancy), national origin, age, disability, genetic information or veteran status**. We will comply with the spirit as well as the letter of applicable state and federal laws. The County's goal is to have a work force that generally reflects the composition of the population it serves.

### 2.3 Applicability

Employees are expected and have an obligation to use good judgment when using the internet and other electronic communication tools. Employees should be professional and courteous when sending electronic messages. Employees should have no expectation of privacy in either sending or receiving electronic messages and accessing information on the internet. Employees should be aware that e-mail and Internet messages and other information that the employee deletes may be retained by the computer system. These deleted messages are also subject to the County's periodic monitoring, interception and access.

The use of a County provided password or code does not restrict the County's right to monitor the e-mail system, Internet access, or the files, drives, or disks on any the County provided computer or terminal. Therefore, employees have no right of privacy in any e-mail or Internet

communications or information that they transmit, receive, or delete, and no privacy right exists in any files and data that employees store on the County's computer system or on their County assigned computers, storage systems, or disks.

Greenville County Information Systems does not maintain archival back-ups of e-mail. Information Systems has no way of knowing which e-mails are valuable and which are not. Each user must make that decision based on the content of the e-mail. Under federal law, once an employee has been put on notice that an investigation is pending or ongoing, e-mail messages pertaining to the investigation in any way may not be deleted, modified, or destroyed.

Access and use of social media through County servers is restricted. Those employees needing access to social media tools for job related purposes may request access through their department manager, elected or appointed official. Information Services will review the request and grant permission to one of three tiers of service based on need and scope.

The principles and guidelines found in Section 5.7, Electronic Media Access and use of Electronic Systems, and Section 5.12, Media Relations, apply to activities online. The employee is solely responsible for content posted. Any conduct that adversely affects the County of Greenville, its business interests, its employees, customers, suppliers, or people who work on behalf of the County of Greenville may result in disciplinary action up to and including termination.

### 5.21.1 Guidelines

It is understood that social media can be a fun and rewarding way to share one's life and opinions with family, friends and co-workers after business hours. However, use of social media also presents certain risks and carries with it certain responsibilities. To assist an employee in making responsible decisions about the use of social media after hours, the County has established guidelines for appropriate use of social media.

*Social media* includes all means of communicating or posting information or content of any sort on the internet, including an employee's or someone else's web log or blog, journal or diary, personal web site, social networking or affinity web site, web bulletin board or a chat room, as well as any other form of electronic communication. The same principles and guidelines found in the County of Greenville policies and three basic beliefs apply to activities online. The employee is solely responsible for what is posted online. Before creating online content, an employee should consider the risks and rewards that are involved.

- (a) An employee's postings should be consistent with the County's Statement of Ethics Policy, the County's Information Policy and the **discrimination and harassment policies**. Inappropriate postings that may include discriminatory remarks, harassment, and threats of violence or similar **inappropriate immoral** or unlawful conduct will not be tolerated and may subject the employee to disciplinary action up to and including termination. **The County reserves the right to monitor employee use of public social media regardless of location (i.e. on personal time with a home computer) to ensure compliance with its policies.**
- (b) An employee should be fair and courteous to co-workers, customers, suppliers or people who work on behalf of the County of Greenville. Work related complaints should be handled by speaking directly with co-workers or by utilizing the County's open door policy rather than by posting complaints to a social media outlet. Nevertheless, if an employee decides to post complaints or criticism, the employee should avoid using statements, photographs, video or audio that reasonably could be viewed as malicious, obscene, threatening or intimidating, that disparage customers, employees or suppliers, or that might constitute harassment or bullying. Examples of

such conduct might include offensive posts meant to intentionally harm someone's reputation or posts that could contribute to a hostile work environment on the basis of race, sex, disability, religion or any other status protected by law or County policy.

- (c) An employee should always be honest and accurate when posting information or news; if a mistake is made, correct it quickly. The internet archives almost everything; therefore, even deleted postings can be searched. Never post any information or rumors that are false about the County of Greenville, co-workers, customers, suppliers, people working on behalf of the County of Greenville or competitors anyone else.

#### 5.21.2 Post Only Appropriate and Respectful Content

- Maintain the confidentiality of the County's private or confidential information. Do not post internal reports, policies, procedures or other internal business-related confidential communications.
- Do not create a link from a personal blog, website or other social networking site to the County's website without being properly identified as a County employee.
- The employee should never act as a spokesperson for the County of Greenville. If the County is a subject of the content, the employee should note the relationship and make it clear that the views do not represent those of the County of Greenville, co-workers, customers, suppliers or people working on behalf of the County. An employee should make clear that the employee is not speaking on behalf of the County and include a disclaimer such as "The postings on this site are my own and do not necessarily reflect the views of the County of Greenville" if any blog or online post is related to the work done by the employee or subjects associated with the County of Greenville.

#### 5.21.3 Using Social Media at Work

Refrain from using social media while on work time or on equipment the County provides, unless it is work-related as authorized by an employee's manager. Do not use County email addresses to register on social networks, blogs or other online tools utilized for personal use.

#### 5.21.4 Retaliation is Prohibited

The County of Greenville prohibits taking negative action against any employee for reporting a possible deviation from this policy or for cooperating in an investigation. Any employee who retaliates against another employee for reporting a possible deviation from this policy or for cooperating in an investigation will be subject to disciplinary action, up to and including termination.

### 5.22 Solicitation Among Employees, Endorsement of Products and Acceptance of Gifts

- 5.22.1 It is the County's policy to forbid distribution of advertising material, commercial or charitable solicitations, merchandise catalogs, handbills, or materials of a political or potentially adversarial nature on the premises. An exception is made for County-approved charitable endeavors. The County may also choose to recognize charitable drives as a community-backed effort. In order to avoid unnecessary annoyances and interruptions during the workday, solicitation is

prohibited during work time.

Bulletin boards in County facilities are reserved for County postings and announcements.

5.22.2 The County typically does not participate in the endorsement of products. Any request to a department or office for an endorsement of a vendor must be submitted to the County Administrator for review.

5.22.3 County employees are prohibited from accepting any and all gifts or gratuities from persons doing or seeking to do business with the County. Further, all employees should discourage any person from offering such gifts and gratuities. Items in the category of advertising novelties (i.e., matches, pencils, calendars) having wide distribution may be retained by the employee. While the ethics rules may seem to dampen the spirit of the gesture, they protect the County from the appearance of impropriety.

## 5.23 Substance Abuse

Greenville County is committed to providing an alcohol and drug-free, healthful, safe, and secure work environment. County employees are expected and required to report to work on time and in appropriate mental and physical condition for work.

The unlawful manufacture, distribution, dispensation, possession, or use of a controlled substance is not permitted in the workplace. Violations of this policy will result in disciplinary action, up to and including termination. County employees are required to familiarize themselves with, and comply with, the County of Greenville Substance Abuse Alcohol and Drug Testing Policy.

## 5.24 Suggestions

5.24.1 Employees who have suggestions for the improvement of County services, reduction of costs, safety or training improvements, or other related plans or programs, are encouraged to discuss their suggestions with their supervisor and department director and/or division manager and submit a written report to the County Administrator or appointed designee.

## 5.26 Workplace and Personal Relationships

5.26.1 The County of Greenville is committed to a work environment that is respectful and productive.

The purpose of this policy statement is to promote a positive work environment that is free from relationships that cause a real or perceived conflict of interest.

Personal relationships (including romantic and/or sexual) between individuals in inherently unequal positions, where one party has real or perceived authority over the other in their professional roles, may be inappropriate in the workplace and are strongly discouraged. If such a relationship exists or develops, it must be disclosed.

#### 5.26.2 Definition of an Inappropriate Personal Relationship:

- Relationships between persons in inherently unequal positions where one party has real or perceived authority, influence, or power over the other's conditions of employment or has the ability to directly impact the other's career progression, which includes formal and informal supervisory relationships.\*

\*Authority within professional relationships may result from actual supervision, or mentoring, reviewing, advising, evaluating, teaching, or personal relationships with external partners where a real or perceived power imbalance exists.

- Such relationships are inappropriate if they have an actual, perceived, or potential for perceived influence over the professional relationship or workplace.

Employees should not initiate or engage in an inappropriate personal relationship. These relationships, even if consensual, may ultimately result in conflict or difficulties in the workplace.

#### 5.26.3 Disclosure Requirement:

Disclosure of inappropriate personal relationships creates a transparent environment that ensures the mission is met with mutual professional respect and accountability while also maintaining public trust and avoiding conflict of interest.

- If individuals of unequal authority are in this type of relationship, the party of greater power is prohibited from engaging in all official matters affecting or appearing to affect the other and both must immediately disclose it to their department director or the elected/appointed official for whom they work.
- Disclosure reduces the risk to both parties, as measures can be taken immediately to mitigate real or perceived conflicts of interest and bias.
- A failure to disclose such a relationship may result in disciplinary action up to and including termination of employment.

#### 5.26.4 Remediation:

Upon such notification the responsible director, elected or appointed official must ensure that appropriate action is taken. Appropriate action may include, but is not limited to:

- Reassignment of one party to sever the supervisory relationship
- Recusal of the supervisor or individual in the position of authority or perceived authority from all official matters affecting, or appearing to affect, the subordinate

- Administrative inquiry into the matter to determine if any inappropriate action(s) occurred as a result of the relationship, which could result in administrative action, including disciplinary action. Such findings may also be considered when making administrative decisions to include funding, staff, and resources.

#### 5.26.5 Friendships or Romantic Relationships between Co-Workers

Although this policy does not prevent the development of friendships or romantic relationships between co-workers, it does establish boundaries as to how relationships are conducted during working hours and within the working environment.

1. During working time and in working areas, employees are expected to conduct themselves in an appropriate workplace manner that does not interfere with others or with overall productivity.
2. During nonworking time, such as lunches, breaks, and before and after work periods, employees engaging in personal exchanges in nonworking areas should observe an appropriate workplace manner to avoid offending other workers or putting others in an uncomfortable position.
3. Employees are strictly prohibited from engaging in physical contact that would in any way be deemed inappropriate in the workplace by a reasonable person while anywhere on County premises, whether during working hours or not.
4. Employees who allow personal relationships with co-workers to adversely affect the work environment will be subject to Greenville County's disciplinary policy. Failure to change behavior and maintain expected work responsibilities is viewed as a serious disciplinary matter.
5. Employee off-duty conduct is generally regarded as private, as long as such conduct does not create problems within the workplace.
6. Failure to cooperate with Greenville County to resolve a conflict or problem caused by a romantic or sexual relationship between co-workers in a mutually agreeable fashion may be deemed insubordination and result in disciplinary action up to and including termination.
7. The provisions of this policy apply regardless of the sexual orientation of the parties involved.

## Chapter 7 Position Classification and Pay Plan

### 7.1 Administration of the Plan

The County Administrator is responsible for administering a salary and classification plan approved by County Council.

The Director of Human Resources, under the direction of the County Administrator, is charged with supervising and maintaining the classification plan and its administration.

7.1.1 A department director or employee may make a request to the Director of Human Resources for the reclassification of an existing position, subject to Section 7.1.2. An established position may be reclassified from one class to a different class as a result of a change in the duties and responsibilities, or a redistribution of work assignment which significantly alters the duties and responsibilities of a position, or revisions of class specifications to more accurately reflect the level of work performed. Reclassifications do not apply to and cannot be effected for situations involving the assignment of new duties and responsibilities for the sole purpose of creating a new position.

7.1.2 Incumbents who consider believe a their position is improperly classified shall first submit a request for reclassification to the supervisor who shall immediately transmit send the request to the department director and/or division manager. If the department director and/or division manager finds that there is merit in the request, the department director and/or division manager shall immediately submit documentation to the Director of Human Resources that justifies the recommendation; justification for the recommendation to the Director of Human Resources.

### 7.2 Use of Classification and Compensation Plan

The objective of the classification and compensation plan is to provide a competitive rate of pay for work and to provide a pay band and range for each class of positions, which will enable the County to recruit and retain qualified employees as well as compete in the job market.

The classification plan is to be used:

- As a guide in recruiting and evaluating candidates for employment;
- In determining lines of promotion and in developing employee training programs;
- In determining the salary to be paid for various types of work;
- In determining personal service items in departmental budgets; and
- In providing uniform job terminology understandable by all County officials, employees and the public.

### 7.3 Class Specifications

The classification and compensation plan shall include titles and written specifications for the various classes of positions.

Each class shall include all positions, which are sufficiently similar with respect to duties, responsibilities and authority so that the same descriptive title may be used to designate the position allocated to the class.

Specifications shall show like requirements for education, experience, general and specialized knowledge, skill, physical conditions and other qualifications necessary for the proper performance of the positions. Specifications will be descriptive and explanatory of the kind of work required in a given classification but may not necessarily be inclusive of all the duties to be performed. The specifications shall be used for the purposes of recruiting, testing, and selecting.

#### 7.4 Position Description

A description of each position within the classification will be prepared, periodically reviewed and updated by the Director of Human Resources or designee.

#### 7.5 Compensation

7.5.1 The classification and compensation plan shall establish a pay range for every class of employment in County service except elected and appointed positions.

7.5.2 Pay ranges shall be established based on both external and internal considerations. Ranges shall be determined with due regard to ranges of pay for similar classes, relative responsibility and difficulty of positions in the class, availability of employees in a particular occupational category, prevailing rates of pay for similar employment in the Greenville area, rates of pay in other governmental jurisdictions, cost of living factors, the financial policies of the County and other economic considerations.

##### 7.5.3 Starting Minimum Rate

New full-time employees shall be hired at a minimum rate in accordance with the classification and compensation plan. Starting rates above the minimum rate may be paid, at the discretion of the department/division manager, with the consent of the Director of Human Resources, as determined by budget guidelines in recognition of exceptional qualifications of an applicant or for lack of qualified applicants.

The County recognizes the need to hire and retain qualified applicants. This may result in the need to provide some flexibility in compensation and benefits awarded a new employee. If this is necessary, it will be considered an exception to personnel policies, and the department director will forward the request to the Director of Human Resources who will make a recommendation to the County Administrator for consideration of approval.

##### 7.5.4 Performance Pay/Part-Time

Temporary part-time and regular part-time employees shall be hired at a rate in accordance with the classification and compensation plan in effect.

##### 7.5.5 Reinstatement

Former employees rehired as full-time regular employees within one year of their previous separation from the County into a position in the same class as the one previously held shall be rehired either at their former rate or the new minimum, whichever is higher. The employee's anniversary date shall be the rehire date. **Previous Uncompensated** sick time accrued by the employee during his the employee's previous employment with Greenville County, if any, shall be restored.

Please note: An employee who retires and is paid 1/3 of accrued sick time upon their retirement will start with an accrued sick time balance of 0.00 should they be reinstated.

Former employees rehired as full-time regular employees at any point after their separation from the County will be reinstated at the same accrual rate for vacation time and sick time (based on years of service to the County) as they had when they were previously separated from the County.

A manager who designates a terminated employee as marked the "not eligible for rehire" ~~reemployment" on a former employee's personnel action request form~~ has an opportunity to reconsider the designation should another department have interest in hiring the person. ~~A former employee terminated for gross misconduct is not eligible for rehire.~~

Non-exempt personnel who leave the employment of the County will be compensated for accumulated compensatory time at the present average regular hourly rate received by such employee during the last 3 years of the employee's employment, or the final regular rate received by such employee at the time of separation, whichever is higher.

Exempt employees are not eligible to earn compensatory time under any circumstances and compensatory time should not be recorded on time sheets.

#### 7.5.8 Performance Pay Increases

Salary adjustments within an established range are not automatic but are dependent upon the recommendation of the department director and/or division manager based on standards of performance. Across the board cost of living adjustments may be utilized in lieu of performance pay increases when recommended by the County Administrator during budget considerations.

7.5.9 Effective Date of Merit Pay Adjustments

The effective date of merit salary adjustments shall be in accordance with an approved Compensation Plan. Performance salary adjustments shall be given to all regular full time and part-time employees in accordance with the Council approved Compensation Plan.

## Chapter 9 Leaves of Absence

### 9.1 Guidelines

An employee requesting a leave of absence with or without pay must present the request in writing thirty days prior to commencement of leave or as soon as practicable. Approval will be granted or denied by the employee's department director and/or division manager. Leave requests must be sent to the Director of Human Resources designee and entered in the Human Resources Information System (HRIS), along with a personnel action request form. Requests System entries for such leave must be made in a timely manner, far enough in advance to allow time to carry out this procedure. If an employee has accumulated sick time, vacation time and/or compensatory time, the County requires the employee to use the appropriate paid time and/or compensatory time first and to take the remainder of the leave period as unpaid leave unless otherwise mandated by state or federal law.

It is the policy of the County to permit employees to be absent from work on an authorized short term or long-term absence. A short-term absence is generally two work weeks or less. Absences longer than two weeks must be converted to a long-term leave of absence (excluding vacation time) requiring and requires designation of the type of leave in the HRIS, the use of a personnel action request form designating leave type. An employee on leave for more than fourteen (14) consecutive calendar days will not accrue vacation time, sick time or receive holiday pay during that leave of absence. These accruals benefits will resume when the employee returns to work.

An employee may not work in any capacity for any other employer, or be self-employed, or work as an independent contractor during a leave of absence without prior written approval of the County Administrator. If working at the pleasure of an elected or appointed official, prior written approval must be obtained from the elected or appointed official. Failure to comply with this provision may result in disciplinary action up to and including termination of employment.

An employee who does not return from any leave of absence the next scheduled workday after the leave expires or who does not provide a certification from a licensed physician or qualified medical provider extending the leave will be considered to have voluntarily resigned, absent extenuating circumstances as determined by the Director of Human Resources.

### 9.2 Benefits While On Leave

An employee is not paid during any period of absence covered by this policy (except to the extent accrued paid time is substituted for unpaid FMLA leave). Insurance benefits are addressed in each leave section. If the County changes its group health care plan or adopts a new health care plan, an employee on leave who meets the benefits eligibility requirements will be entitled to the new or changed plan or benefits on the same terms as if the employee was not on leave. If an employee on leave under this policy chooses not to continue group health coverage during the leave, then upon return from leave, the employee will be reinstated to group health coverage under the current plan year's terms. Plans cannot be changed by employees during the plan year.

If an employee on leave fails to return to work after the leave expires, and the County paid part or all of a health care premium that was required to be paid by an employee on leave, the County is entitled to recover both the employee's share and the County's share of such premium unless the reason the employee fails to return is because of:

- (1) The continuation, recurrence, or onset of a serious health condition or disability that would entitle the employee to leave under this policy.
- (2) Other circumstances beyond the employee's control.

When an employee fails to return to work because of the continuation, recurrence, or onset of a serious health condition or disability that would entitle the employee to leave under this policy, the County may require medical certification of such continuation, recurrence or onset.

To the extent the County's group health care plan requires participants to pay some of their health insurance premiums, an employee on leave under this policy who chooses to continue his/her coverage under the County's group health plan (whether single or family) must continue to pay the employee share of premiums. The employee must pay the same share of premiums for such coverage that the employee would be required to pay if not on leave. Payments shall be made on the same due dates that would be applicable if the employee were not on leave.

- a) If employees have accrued leave time available, they must utilize their accruals during the leave period. Sick time is only available for leaves that meet the guidelines of Section 8.9. If leave taken under this policy is substituted paid time, the employee's share of insurance premiums will be paid using regular payroll deductions. If an employee is out sick, they must use sick time. Once sick time is exhausted, they must use vacation time or compensatory time. If an employee is out on leave that does not meet the definition of Section 8.9, the employee must exhaust vacation time and available compensatory time prior to taking time off without pay unless otherwise mandated by state or federal law.
- b) If payment of the employee's share of premiums is not received within 30 days of the due date, the County reserves the right to cancel the employee's health insurance coverage. At least 15 days prior to cancellation, the County will notify the employee in writing that coverage will be canceled on a specific date unless payment is received by that date.
- c) After a leave of absence for more than fourteen (14) consecutive calendar days, an employee will not continue to accrue vacation time or sick time.

### 9.3 Administrative Leave of Absence

Administrative leave is employer directed and must be approved by the department director and the County Administrator/designee or elected/appointed official. Administrative leave is a temporary leave from a job assignment with or without pay and/or benefits.

Administrative leave with pay is not to exceed one month. Administrative leave without pay is not to exceed three months.

#### Insurance

An administrative leave without pay is a reduction of hours that results in a loss of eligibility for group health insurance benefits after one month of continuous absence. **After the one-month period has expired, employees on administrative leave without pay and on the County's group health insurance programs will be subject to COBRA guidelines and will be responsible for all premiums. will receive notice of their rights under COBRA to continue and pay for their group health insurance benefits.**

#### Holidays

If a holiday falls within the period an employee is on administrative leave without pay, the employee will not receive holiday pay.

#### Failure to Return to Work

If an employee does not return to work on the originally-scheduled return date the employee may be deemed to have voluntarily resigned their employment with the County.

#### Reinstatement

Unless otherwise required by law, the County will make a reasonable effort to return an employee to the same or similar job and at the same rate of pay held prior to their leave of absence, subject to any operational requirements that may exist.

### 9.4 Family and Medical Leave “FMLA” of Absence

Employees may be entitled to a leave of absence under the Family and Medical Leave Act (FMLA). This policy provides employees information concerning FMLA entitlements and obligations employees may have during such leaves. If employees have any questions concerning FMLA leave, they should contact the Director of Human Resources or designee.

#### **Employees Eligible for FMLA Leave**

FMLA leave is available to “eligible employees”. To be an “eligible employee”, an employee must:

- (a) have been employed by the County for at least 12 months (which need not be consecutive);
- (b) have been employed by the County for at least 1250 hours of service during the 12-month period immediately preceding the commencement of the leave; and
- (c) be employed at a worksite where 50 or more employees are located within 75 miles of the worksite.

#### **Employee Entitlements for FMLA Leave**

As described below, the FMLA provides eligible employees with a right to leave, health insurance benefits and, with some limited exceptions, job restoration.

##### (a) Basic FMLA Leave Entitlement

The FMLA provides eligible employees up to 12 workweeks of unpaid leave for certain family and medical reasons during a 12-month period. The 12-month period is determined on a rolling calendar year measured back from the time the employee requests leave. Leave may be taken for any one, or for a combination, of the following reasons:

- To care for the employee’s child after birth, or placement for adoption or foster care;
- To care for the employee’s spouse, son, daughter or parent (but not in-law) who has a **serious health condition**;

- For the employee's own **serious health condition** (including any period of incapacity due to pregnancy, prenatal medical care or childbirth) that makes the employee unable to perform one or more of the essential functions of the employee's job; and/or
- Because of any **qualifying exigency** arising out of the fact that an employee's spouse, son, daughter or parent is a military member on covered active duty or call to covered active duty status (or has been notified of an impending call or order to covered active duty) in the Reserve component of the Armed Forces for deployment to a foreign country in support of a contingency operation or Regular Armed Forces for deployment to a foreign country.

A **serious health condition** is an illness, injury, impairment, or physical or mental condition that involves either an overnight stay in a medical care facility, or continuing treatment by a health care provider for a condition that either prevents the employee from performing the functions of the employee's job, or prevents the qualified family member from participating in school or other daily activities. Subject to certain conditions, the continuing treatment requirement may be met by a period of incapacity of more than 3 consecutive calendar days combined with at least two visits to a health care provider or one visit and a regimen of continuing treatment, or incapacity due to pregnancy, or incapacity due to a chronic condition. Other conditions may meet the definition of continuing treatment.

**Qualifying exigencies** may include attending certain military events, arranging for alternative childcare, addressing certain financial and legal arrangements, attending certain counseling sessions, caring for the parents of the military member on covered active duty and attending post-deployment reintegration briefings.

(b) Additional Military Family Leave Entitlement (Injured Servicemember Leave)

In addition to the basic FMLA leave entitlement discussed above, an eligible employee who is the spouse, son, daughter, parent or next of kin of a **covered servicemember** is entitled to take up to 26 weeks of leave during a single 12-month period to care for the servicemember with a serious injury or illness. Leave to care for a servicemember shall only be available during a single 12-month period and, when combined with other FMLA-qualifying leave, may not exceed 26 weeks during the single 12-month period. The single 12-month period begins on the first day an eligible employee takes leave to care for the injured servicemember.

A "**covered servicemember**" is a current member of the Armed Forces, including a member of the National Guard or Reserves, who is undergoing medical treatment, recuperation, or therapy, is otherwise in outpatient status, or is on the temporary retired list, for a serious injury or illness. These individuals are referred to in this policy as "current members of the Armed Forces." Covered servicemembers also includes a veteran who is discharged or released from military service under conditions other than dishonorable at anytime during the five (5) year period prior to the first date the eligible employee takes FMLA leave to care for the covered veteran, and who is undergoing medical treatment, recuperation or therapy for a serious injury or illness. These individuals are referred to in this policy as "covered veterans."

The FMLA definitions of a "serious injury or illness" for current Armed Forces members and covered veterans are distinct from the FMLA definition of "serious health condition" applicable to FMLA leave to care for a covered family member.

(c) Intermittent Leave and Reduced Leave Schedules

FMLA leave usually will be taken for a period of consecutive days, weeks or months. However, employees also are entitled to take FMLA leave intermittently or on a reduced leave schedule when medically necessary due to a serious health condition of the employee or covered family member or the serious injury or illness of a covered servicemember. Qualifying exigency leave also may be taken on an intermittent basis.

(d) Protection of Group Health Insurance Benefits

During FMLA leave, eligible employees are entitled to receive group health plan coverage on the same terms and conditions as if they had continued to work.

(e) Restoration of Employment and Benefits

At the end of FMLA leave, subject to some exceptions including situations where job restoration of "key employees" will cause the County substantial and grievous economic injury, employees generally have a right to return to the same or equivalent positions with equivalent pay, benefits and other employment terms. The County will notify employees if they qualify as "key employees", if it intends to deny reinstatement, and of their rights in such instances. Use of FMLA leave will not result in the loss of any employment benefit that accrued prior to the start of an eligible employee's FMLA leave.

(f) Notice of Eligibility for, and Designation of, FMLA Leave

Employees requesting FMLA leave are entitled to receive written notice from the County telling them whether they are eligible for FMLA leave; and, if not eligible, the reasons why they are not eligible. When eligible for FMLA leave, employees are entitled to receive written notice of: 1) their rights and responsibilities in connection with such leave; 2) the County's designation of leave as FMLA-qualifying or non-qualifying; or, if not FMLA-qualifying, the reasons why; and 3) the amount of leave, if known, that will be counted against the employee's leave entitlement.

The County may retroactively designate leave as FMLA leave with appropriate written notice to employees provided the County's failure to designate leave as FMLA-qualifying at an earlier date did not cause harm or injury to the employee. In all cases where leaves qualify for FMLA protection, the County and employee can mutually agree that leave be retroactively designated as FMLA leave.

(g) Spousal Leave Limitations

If the employee's spouse also works for the County and each wishes to take leave for the birth of a child, adoption or placement of a child in foster care, or to care for a parent (but not a parent "in-law") with a serious health condition, the employee and spouse may only take a combined total of 12 weeks of leave. If the employee's spouse also works for the County and each wishes to take leave to care for a covered injured or ill servicemember, the employee and spouse may only take a combined total of 26 weeks of leave.

Spouses employed by the County are limited to a combined total of 12 workweeks per year for the birth or placement of a child, or to care for a parent.

For other covered leaves, such as to care for a spouse or child, or for treatment of the employee's own serious health condition, each spouse may take up to 12 weeks a year.

For servicemember leave, each spouse is eligible for maximum of 26 weeks each for the single 12-month period.

### **Employee FMLA Leave Obligations**

(a) Provide Notice of the Need for Leave

Employees who take FMLA leave must timely notify the County of their need for FMLA leave. The following describes the content and timing of such employee notices.

(b) Content of Employee Notice

To trigger FMLA leave protections, employees must inform the department manager of the need for FMLA-qualifying leave and the anticipated timing and duration of the leave, if known. Employees may do this by either requesting FMLA leave specifically, or explaining the reasons for leave so as to allow the County to determine that the leave is FMLA-qualifying. For example, employees might explain that:

- a medical condition renders them unable to perform the functions of their job;
- they are pregnant or have been hospitalized overnight;
- they or a covered family member are under the continuing care of a health care provider;
- the leave is due to a qualifying exigency caused by a military member being on covered active duty or called to covered active duty status to a foreign country; or
- if the leave is for a family member, that the condition renders the family member unable to perform daily activities or that the family member is a covered servicemember with a serious injury or illness.

Calling in "sick," without providing the reasons for the needed leave, will not be considered sufficient notice for FMLA leave under this policy. Employees must respond to the County's questions to determine if absences are potentially FMLA-qualifying.

If employees fail to explain the reasons for FMLA leave, the leave may be denied. When employees seek leave due to FMLA-qualifying reasons for which the County has previously provided FMLA-protected leave, they must specifically reference the qualifying reason for the leave or the need for FMLA leave.

(c) Timing of Employee Notice

Employees must provide a 30-day advance notice of the need to take FMLA leave when the need is foreseeable. When a 30-day notice is not possible, or the approximate timing of the need for leave is not foreseeable, employees must provide the County notice of the need for leave as soon as practicable under the facts and circumstances of the particular case. Employees who fail to give a 30-day notice for foreseeable leave without a reasonable excuse for the delay, or otherwise fail to satisfy FMLA notice obligations, may have FMLA leave delayed or denied.

(d) Cooperate in the Scheduling of Planned Medical Treatment (Including Accepting Transfers to Alternative Positions) and Intermittent Leave or Reduced Leave Schedules

When planning medical treatment, employees must consult with the County and make a reasonable effort to schedule treatment so as not to unduly disrupt the County's operations,

subject to the approval of an employee's health care provider. Employees must consult with the County prior to the scheduling of treatment to work out a treatment schedule which best suits the needs of both the County and the employees, subject to the approval of an employee's health care provider. If employees providing notice of the need to take FMLA leave on an intermittent basis for planned medical treatment neglect to fulfill this obligation, the County may require employees to attempt to make such arrangements, subject to the approval of the employee's health care provider.

When employees take intermittent or reduced work schedule leave for foreseeable planned medical treatment for the employee or a family member, including during a period of recovery from a serious health condition or to care for a covered servicemember, the County may temporarily transfer employees, during the period that the intermittent or reduced leave schedules are required, to alternative positions with equivalent pay and benefits for which the employees are qualified and which better accommodate recurring periods of leave.

When employees seek intermittent leave or a reduced leave schedule for reasons unrelated to the planning of medical treatment, upon request, employees must advise the County of the reason why such leave is medically necessary. In such instances, the County and employee shall attempt to work out a leave schedule that meets the employee's needs without unduly disrupting the County's operations, subject to the approval of the employee's health care provider.

(e) Submit Medical Certifications Supporting Need for FMLA Leave (Unrelated to Requests for Military Family Leave)

Depending on the nature of FMLA leave sought, employees may be required to submit medical certifications supporting their need for FMLA-qualifying leave. As described below, there generally are three types of FMLA medical certifications: an **initial certification**, a **recertification**, and a **return to work/fitness for duty certification**.

It is the employee's responsibility to provide the County with timely, complete and sufficient medical certifications. Whenever the County requests employees to provide FMLA medical certifications, employees must provide the requested certifications within 15 calendar days after the County's request, unless it is not practicable to do so despite an employee's diligent, good faith efforts. The County will inform employees if submitted medical certifications are incomplete or insufficient and provide employees at least seven calendar days to cure deficiencies. The County will deny FMLA leave to employees who fail to timely cure deficiencies or otherwise fail to timely submit requested medical certifications.

With the employee's permission, the County (through individuals other than an employee's direct supervisor) may contact the employee's health care provider to authenticate or clarify completed and sufficient medical certifications. If employees choose not to provide the County with authorization allowing it to clarify or authenticate certifications with health care providers, the County may deny FMLA leave if certifications are unclear.

Whenever the County deems it appropriate to do so, it may waive its right to receive timely, complete and/or sufficient FMLA medical certifications.

(f) Initial Medical Certifications

Employees requesting leave because of their own or a covered relative's serious health condition, or to care for a covered servicemember, must supply medical certification supporting the need for such leave from their health care provider or, if applicable, the health care provider of their

covered family or servicemember. If employees provide at least 30 days notice of medical leave, they should submit the medical certification before leave begins. A new initial medical certification will be required on an annual basis for serious medical conditions lasting beyond a single leave year.

If the County has reason to doubt initial medical certifications, it may require employees to obtain a second opinion at the County's expense. If the opinions of the initial and second health care providers differ, the County may, at its expense, require employees to obtain a third, final and binding certification from a health care provider designated or approved jointly by the County and the employee.

(g) Medical Recertifications

Depending on the circumstances and duration of FMLA leave, the County may require employees to provide recertification of medical conditions giving rise to the need for leave. The County will notify employees if recertification is required and will give employees at least 15 calendar days to provide medical recertification.

(h) Return to Work/Fitness for Duty Medical Certifications

Unless notified that providing such certifications is not necessary, employees returning to work from FMLA leaves that were taken because of their own serious health conditions that made them unable to perform their jobs must provide the County medical certification confirming they are able to return to work and the employees' ability to perform the essential functions of the employees' position, with or without reasonable accommodation. Unless notified otherwise, employees returning to work from FMLA leaves because of their own serious health condition(s) must provide medical certification confirming they are able to return to work and perform the essential functions of their job, with or without reasonable accommodation. The County may delay and/or deny job restoration until employees provide such return to work/fitness for duty certifications.

(i) Submit Certifications Supporting Need for Military Family Leave

Upon request, the first time employees seeking leave due to qualifying exigencies arising out of the covered active duty or call to covered active duty status of a military member, the County may require employees to provide: 1) a copy of the military member's active duty orders (or other documentation issued by the military) indicating the military member is on covered active duty or called to active duty status and the dates of the military member's covered active duty service; and 2) a certification from the employee setting forth information concerning the nature of the qualifying exigency for which leave is requested. Employees shall provide a copy of new active duty orders or other documentation issued by the military for leaves arising out of qualifying exigencies, arising out of a different covered active duty or call to covered active duty status of the same or a different military member.

When leave is taken to care for a covered servicemember with a serious injury or illness, the County may require employees to obtain certifications completed by an authorized health care provider of the covered servicemember. In addition, and Also, in accordance with the FMLA regulations, the County may request that the certification submitted by employees set forth additional information provided by the employee and/or the covered servicemember confirming entitlement to such leave.

(j) Substitute Paid Leave for Unpaid FMLA Leave

Employees must use any accrued paid time off, including vacation and sick leave, while taking unpaid FMLA leave. The substitution of paid time for unpaid FMLA leave time does not extend the length of FMLA leaves and the paid time will run concurrently with an employee's FMLA entitlement.

Leaves of absence taken in connection with a disability leave plan or workers' compensation injury/illness shall run concurrently with any FMLA leave entitlement. Upon written request, the County will allow employees to use accrued paid time off, including vacation and sick leave, to supplement any paid disability benefits.

(k) Pay Employee's Share of Health Insurance Premiums

During FMLA leave, employees are entitled to continued group health plan coverage under the same conditions as if they had continued to work. Unless the County notifies employees of other arrangements, whenever employees are receiving pay from the County during FMLA leave, the County will deduct the employee portion of the group health plan premium from the employee's paycheck in the same manner as if the employee was actively working. If FMLA leave is unpaid, employees must make arrangements with Human Resources to pay their portion of the group health premium. If the employee's premium is more than thirty (30) days late, the applicable coverage may cease without further notice.

The County's obligation to maintain health care coverage ceases if an employee's premium payment is more than 30 days late. If an employee's payment is more than 15 days late, the County will send a letter notifying the employee that coverage will be dropped on a specified date unless the co-payment is received before that date. If employees do not return to work within 30 calendar days at the end of the leave period (unless employees cannot return to work because of a serious health condition or other circumstances beyond their control) they will be required to reimburse the County for the cost of the premiums the County paid for maintaining coverage during their unpaid FMLA leave.

(l) Report Periodically Concerning Intent to Return to Work

Employees must contact the County at least every 30 days (and notify their supervisor at least ten (10) days prior to the end of their FMLA leave) regarding their status and intention to return to work at the end of the FMLA leave period. If an employee's anticipated return to work date changes and it becomes necessary for the employee to take more or less leave than originally anticipated, the employee must provide the County with reasonable notice (i.e., within 2 business days) of the employee's changed circumstances and new return to work date. If employees give the County unequivocal notice of their intent not to return to work, the County's obligation to maintain health benefits (subject to COBRA requirements) and to restore their positions cease.

(m) If a holiday falls within the period an employee is on Family and Medical Leave, the employee will not receive holiday pay.

**Coordination of FMLA Leave with Other Leave Policies**

The FMLA does not affect any federal, state or local law prohibiting discrimination, or supersede any state or local law which provides greater family or medical leave rights. For additional information concerning leave entitlements and obligations that might arise when FMLA leave is either not available or exhausted, please consult the County's other leave policies in this handbook or contact Human Resources.

#### Questions and/or **Complaints Concerns** about FMLA Leave

If an employee has questions regarding this FMLA policy, Human Resources may be contacted. The County is committed to complying with the FMLA and, whenever necessary, shall interpret and apply this policy in a manner consistent with the FMLA.

The FMLA makes it unlawful for employers to: 1) interfere with, restrain, or deny the exercise of any right provided under FMLA; or 2) discharge or discriminate against any person for opposing any practice made unlawful by FMLA or involvement in any proceeding under or relating to FMLA. If employees believe their FMLA rights have been violated, they should contact the Human Resources Department immediately. The County will investigate any FMLA complaints and take prompt and appropriate remedial action to address and/or remedy any FMLA violation. Employees also may file FMLA complaints with the United States Department of Labor or may bring private lawsuits alleging FMLA violations.

The County will not discriminate or retaliate in any way against any employees as a result of the approved use of FMLA leave or a proper request for such leave. If you would like additional information regarding your rights under the FMLA, then please contact the Human Resources Department.

#### **Additional Definitions:**

“**Adoption**” means legally and permanently assuming the responsibility of raising a child as one's own. The source of an adopted child (e.g., whether from a licensed placement agency or otherwise) is not a factor in determining eligibility for FMLA leave.

“**Foster care**” is 24-hour care for children in substitution for, and away from, their parents or guardian. Such placement is made by or with the agreement of the state as a result of a voluntary agreement between the parent or guardian that the child be removed from the home, or pursuant to a judicial determination of the necessity for foster care, and involves agreement between the state and foster family that the foster family will take care of the child. Although foster care may be with relatives of the child, state action is involved in the removal of the child from parental custody.

“**Health Care Provider**” means: (1) A doctor of medicine or osteopathy who is authorized to practice medicine or surgery (as appropriate) by the state in which the doctor practices; (2) podiatrists, dentists, clinical psychologists, optometrists, chiropractors (limited treatment consisting of manual manipulation of the spine to correct a subluxation as demonstrated by x-Ray to exist) authorized to practice under the state law and performing within the scope of their practice as defined by state law; (3) nurse practitioners, nurse-midwives, clinical social workers and physician assistants authorized under state law and performing within the scope of their practice as defined by state law; (4) Christian Science practitioners (may be required to submit to second or third certification through examination - not treatment of a health care provider); (5) any other health care provider from whom the employer or the employee's group health plan benefits manager will accept certification of the existence of a serious health condition to substantiate a claim for benefits; and (7) a health care provider who practices in a country other than the United States who is authorized to practice in accordance with the laws of that country and is performing within the scope of their practice as defined under such law.

For purposes of leave taken to care for a covered servicemember, any one of the following health care providers may complete such a certification: (1) a United States Department of Defense (“DOD”) health care provider; (2) a United States Department of Veterans Affairs (“VA”) health

care provider; (3) a DOD TRICARE network authorized private health care provider; (4) a DOD non-network TRICARE authorized private health care provider; or (5) any "health care provider" as defined in 29 CFR §825.125.

**"Next of kin of a covered servicemember"** means the nearest blood relative other than the covered servicemember's spouse, parent, son, or daughter, in the following order of priority: blood relatives who have been granted legal custody of the covered servicemember by court decree or statutory provisions, brothers and sisters, grandparents, aunts and uncles, and first cousins, unless the covered servicemember has specifically designated in writing another blood relative as the nearest blood relative for purposes of military caregiver leave under the FMLA. When no such designation is made, and there are multiple family members with the same level of relationship to the covered servicemember, all such family members shall be considered the covered servicemember's next of kin and may take FMLA leave to provide care to the covered servicemember, either consecutively or simultaneously. When such designation has been made, the designated individual shall be deemed to be the covered servicemember's only next of kin.

**"Parent"** means a biological, adoptive, step or foster father or mother, or any other individual who stood in loco parentis to the employee when the employee was a son or daughter as defined in the next paragraph of this section. This term does not include parents "in law."

**"Parent of a covered servicemember"** means a covered servicemember's biological, adoptive, step or foster father or mother, or any other individual who stood in loco parentis to the covered servicemember. This term does not include parents "in law."

**"Serious injury or illness"** means:

(1) In the case of a **current member of the Armed Forces**, including a member of the National Guard or Reserves, means an injury or illness that was incurred by the covered servicemember in the line of duty on active duty in the Armed Forces or that existed before the beginning of the member's active duty and was aggravated by service in the line of duty on active duty in the Armed Forces, and that may render the member medically unfit to perform the duties of the member's office, grade, rank or rating; and

(2) In the case of a **covered veteran**, means an injury or illness that was incurred by the member in the line of duty on active duty in the Armed Forces (or existed before the beginning of the member's active duty and was aggravated by service in the line of duty on active duty in the Armed Forces) and manifested itself before or after the member became a veteran, and is:

(i) a continuation of a serious injury or illness that was incurred or aggravated when the covered veteran was a member of the Armed Forces and rendered the servicemember unable to perform the duties of the servicemember's office, grade, rank, or rating; or

(ii) a physical or mental condition for which the covered veteran has received a U.S. Department of Veterans Affairs Service-Related Disability Rating (VASRD) of 50 percent or greater, and such VASRD rating is based, in whole or in part, on the condition precipitating the need for military caregiver leave; or

(iii) a physical or mental condition that substantially impairs the covered veteran's ability to secure or follow a substantially gainful occupation by reason of a

disability or disabilities related to military service, or would do so absent treatment; or

(iv) an injury, including a psychological injury, on the basis of which the covered veteran has been enrolled in the Department of Veterans Affairs Program of Comprehensive Assistance for Family Caregivers. [See FMLA Regs. § 825.127(c)(1)(2)]

**“Son or daughter”** means, for purposes of FMLA leave taken for birth or adoption, or to care for a family member with a serious health condition, a biological, adopted, or foster child, a stepchild, a legal ward, or a child of a person standing in loco parentis, who is either under age 18, or age 18 or older and “incapable of self-care because of a mental or physical disability” at the time that FMLA leave is to commence. The age when the disability occurs is irrelevant to determine whether an adult son or daughter has a mental or physical disability.

(1) **“Incapable of self-care”** means that the individual requires active assistance or supervision to provide daily self-care in three or more of the “activities of daily living” (ADLs) or “instrumental activities of daily living” (IADLs). Activities of daily living include adaptive activities such as caring appropriately for one’s grooming and hygiene, bathing, dressing and eating. Instrumental activities of daily living include cooking, cleaning, shopping, taking public transportation, paying bills, maintaining a residence, using telephones and directories, using a post office, etc.

(2) **“Physical or mental disability”** means a physical or mental impairment that substantially limits one or more of the major life activities of an individual. Regulations at 29 CFR 1630.2(h), (i), and (j), issued by the Equal Employment Opportunity Commission under the Americans with Disabilities Act (ADA), 42 U.S.C. 12101 et seq., define these terms.

(3) Persons who are **“in loco parentis”** include those with day-to-day responsibilities to care for and financially support a child, or, in the case of an employee, who had such responsibility for the employee when the employee was a child. A biological or legal relationship is not necessary.

**“Son or daughter on covered active duty or call to covered active duty status”** means the employee’s biological, adopted, or foster child, stepchild, legal ward, or a child for whom the employee stood in loco parentis, who is on covered active duty or call to covered active duty status, and who is of any age.

**“Son or daughter of a covered servicemember”** means the covered servicemember’s biological, adopted, or foster child, stepchild, legal ward, or a child for whom the servicemember stood in loco parentis, and who is of any age.

**“Spouse”** means a husband or wife as defined or recognized under state law for purposes of marriage in the state where the employee resides, including common law marriage in states where it is recognized.

#### Holidays

If a holiday falls within the period an employee is on Family and Medical Leave, the employee will not receive holiday pay.

**Commented [WSR(1)]:** As this is not really a definition, consider moving it up to with the paragraphs discussing benefits as subparagraph (m).

9.5 **Medical Leave of Absence other than Family and Medical Leave of Absence**

If an employee is not eligible for Family and Medical Leave or has exhausted their Family and Medical Leave entitlement, or as otherwise required by law, the County may provide the employee with an unpaid medical leave of absence due to illness or injury.

If an employee is unable to work due to illness or injury, the employee should submit a written request for leave to their department manager as soon as possible. Written requests for leave for elective surgery should be submitted at least 30 days in advance. All leave requests must include a certification from a healthcare provider stating the date on which the condition began or will begin, the probable duration of the leave, a statement that the employee is unable to work at all or are unable to perform one or more of the essential functions of the employee's position with or without reasonable accommodation, and the expected date of return to work. The Employees also must submit a medical certification from a licensed physician or qualified medical provider establishing his/her the continuing need for leave to their supervisor every two weeks during their leave.

A medical leave of absence under this policy will typically be for a period of up to six months 30 days, unless otherwise required by law. For medical leaves lasting 30 days or more, employees must provide a status update from the medical provider every two weeks. Requests for any extension beyond six months 30 days of leave by an employee who is disabled by a medical condition will be evaluated on a case-by-case basis as a possible reasonable accommodation, consistent with applicable federal and state law. An employee requesting an extension of their leave must submit a certification from their healthcare provider of continued need for medical leave for each extension request. In some cases, the County may ask that the employee provide medical information to the County or a medical professional of its choosing supporting the employee's request for further leave.

12.1.2 The purpose of this policy is to foster and facilitate sound employee/supervisor relations by encouraging communication and ultimate reconciliation of **conflicts concerning arising within and about** work-related matters. As such, this policy is an alternative to grievances and disciplinary actions and is based on the mutual agreement of the parties. As a process, the parties come together at a structured but informal setting in the presence of a neutral party to discuss the facts of the dispute, the mission of the department, and the important role that each individual plays in making County government operate effectively.

12.1.3 Reconciliation meetings shall be held according to the following guidelines:

12.1.4 The first meeting's agenda will be as follows:

- (c) Open discussion then takes place to find an appropriate strategy to achieve a long-term solution.

12.1.5 The role of the Director of Human Resources is to provide quality technical advice, assist as needed, and ensure that any long-term solution is consistent with County policy.

12.1.6 If an agreement is not reached between the manager/supervisor and subordinate, the employee may proceed with the grievance process as outlined in Section 12.4. The time for seeking a grievance hearing begins after the breakdown of the negotiations in this Alternative Process.
