May 14, 2023

Dear Councilman Barnes,

The advancement of communications in Greenville County is still expanding. Greenville County and the fire districts within are still working towards the closest unit response for apparatus to continue improving our service to the citizens. As we continue to advance, it is still imperative for our dispatch to be able to locate the closest unit for emergencies.

The Lake Cunningham Fire District, with the assistance from yourself and Councilman Russo, is outfitting four of our apparatus with MDT's currently. However, this does not fully fund MDTs for all of our apparatus. Our funding is still low and we cannot afford to complete this endeavor in its entirety. Our goal is to outfit all of our primary apparatus to be fully integrated into GCEMS CAD for better response. The Lake Cunningham Fire District is seeking additional revenue for this project from our local representatives. We are requesting \$3000.00 from the councilman's discretionary funds in order to purchase additional MDTs to better our response.

Thank you for your consideration in this matter.

Sincerely,

Bryan F. Horne
Operations Chief
Lake Cunningham Fire District
