State of Florida County of Washington,

Affidavit

Personally appeared C. P. Lanford, who being duly sworn says that in December 1921, he was indebted to American Agricultural Chemical Company, and that at that time, Guy Vaughan was the agent of said company, and was attempting to make said collection. In order to pay the account in full, deponent made an agreement with Guy Vaughan, whereby deponent would convey to him a lot of land situated just north of the City of Greenville, and known as Lot No. 3, in Block F, on a plat made by R.E. Dalton in August, 1917. Guy Vaughan agreed to accept the property in full settlement of the account; and wishing to handle the property without having to send the papers to the home office of American Agricultural Chemical Co., Guy Vaughan had deponent make the deed to him as follows; "Gpy Vaughan, Agent", without stating for whom he was agent, or setting forth any powers in the deed. The deed was executed on December 14, 1921, and is recorded in Volume 73, at page 371 of the records for Greenville County; that said deed was made to Guy Vaughan Agent, and that he was acting as agent for American Agricultural Chemical Company; took the title in their behalf, and that in conveying the 1 ot to Guy Vaughan, the account which American Agricultural Chemical Company had against deponent, C. P. Lanford, was settled in full, and should be so marked on the records of the Company.

Sworn to and subscribed before me, this the 10 day of October 1931 Olar.

C. P. Lanford.

O. C. Speight (L.S.)

Notary Public in and for State of Florida Large.
