Dear Mr. Atkinson:

In reference to your proposed 216 unit condominium complex located at Highway 14 and Woodruff Road, Piedmont Natural Gas Company will be happy to serve this project. Since my original letter of April 22, 1982, we have experienced increased construction costs. We can still serve this project; but in order to do this, we need to be assured that you will use natural gas for your heating and water heating needs for the entire project. We need this gas load to show a suitable return for the cost of running those mains and services.

Thank you for considering natural gas for this project. I will be glad to work with you in any way possible. Please feel free to call on me at any time you need further assistance.

Yours truly,
