Dear Mr. Atkinson:

Borrowing any unforeseen circumstances that might arise, Southern Bell does not anticipate having any trouble providing telephone service to the proposed condominium complex located along Highway 14. We would ask, however, that you provide us with final plans of the project at least six months prior to your first expected occupancy date. Your cooperation in this matter is appreciated.

If you have any questions, please contact Mr. Chris McConnell at 298-0733.

Yours truly,

*W. A. Wilson*  
Manager
