

2.6 Garbage and trash cans, wood piles, clothes drying yards, dog houses or pet yards or cages must be so located that they will not be visible from the street.

2.7 Property owners must keep tall shrubbery or hedges trimmed to reasonable limits so that air circulation or the view from surrounding property will not be adversely affected, and so that traffic hazards will not be created.

2.8 Provisions must be made by the property owners for off-street parking of cars belonging to lot owners or invitees, as the parking of such cars on street rights-of-way for long periods of time during the day or night is prohibited.

2.9 No house trailer or mobile home shall be placed on any lot either temporarily or permanently. All boats, trailers and vehicles, including automobiles, trucks, buses, vans, camping trailers, and motor homes, must be parked other than temporarily (and in all events not over night), so as to be inconspicuous and not disturb the neighbors.

2.10 The surface area of all driveways shall be paved by plant mix concrete, asphalt or such other materials as may be approved in writing by the Architectural Committee.

2.11 No exterior lights mounted on telephone poles or similar stands or lights operated by photocells (or similar devices) will be permitted. The only permitted exterior lighting will be by standard exterior lampposts or by spotlights mounted on the residence structure and approved in advance by the Architectural Committee.

2.12 No lot owner shall engage in any activity which will result in the deposit or accumulation of trash, refuse, debris or other objectionable matter.

2.13 All sewerage disposal shall be by a system approved by the
