## ATTENTION

### Engineers & Development Community

March 17, 2023

Greenville County Government offices will officially be moving (**April 4, 5, & 6**) from the existing "County Square" building to our new building on the Corner of University Ridge & Church Street.

There will be limited services the Land Development Division can provide on these three days based on the physical move itself and staff's access to their computers.

It is recommended that you limit project submittal uploads to the public portal on these 3 days and on March 21, 22, & 23. We will not be able to meet the 10 day plan approval goal for these dates or provide expedited reviews during those weeks.

We intend to be back to normal office activities on Monday, April 10. We are excited to move to our new Suite on the 3<sup>rd</sup> floor of the South Tower where a new Pre-submittal Conference Room has been designed for meeting with the development Community. Parking will be available on the first four floors of the newly construction parking garage.

The general public should expect to go through a new security system before entering the lobby area that leads to the public elevators. We look forward to greeting you in our new lobby.
