- The applicant is requesting to rezone the property to FRD, Flexible Review District. The applicant is proposing a Community Center with Medical Clinic.

Project Information:

The property currently has three buildings totaling +/- 30,000 square foot, a 75-space parking lot, community garden & greenhouse, playground, and basketball court. Existing use includes the Upstate Circle of Friends Community Center. The applicant is proposing to allow an additional use of Medical Clinic within the existing development.

Proposed Land Uses:

The proposed permitted use for the site is to add Medical Clinic to the existing Community Center Use which allows a mix of uses defined in the Greenville County Zoning Ordinance Article 4. There is no residential density proposed for the development.

Community Center – A facility used for recreational, social, educational, and/or cultural activities, usually owned and operated by a public or non-profit group or agency. A community center provides ongoing activities and services for the general benefit of people in the community, such as educational, art, and recreational classes; indoor and outdoor recreational facilities; job training and small business development; child and adult day care; social activities; group meeting space; performance and event space; and kitchen and dining facilities.

Architectural Design:

The applicant states there is currently no significant architectural style for the campus, buildings are lift slab construction that was utilized by schools in the past. All future exterior renovations will comply with the latest edition of the Greenville County Requirements.

Access and Parking:

The site is currently accessed on Ridgeway Drive and a one-way “drop-off” lane is located on E. Dorchester Boulevard, no changes are proposed at this time. The applicant states the existing parking and drive aisles comply with the Greenville County Zoning Ordinance and all future developments will comply with the Greenville County Zoning Ordinance.

Landscaping and Buffering:

The applicant is not proposing to establish a landscape buffer and no changes to the landscaping are

proposed at this time. The site currently has an 8' in height fence that will remain and the applicant has proposed to make this fencing fully opaque. All new mechanical units will have screening per the latest edition of the Greenville County requirements and existing trash facility with screening is set to remain.

Signage and Lighting:

The applicant is proposing to modify the signage requirements by allowing two new directory signs on Ridgeway Drive; the parameters of the proposed signage is outlined within Section 11 of the Statement of Intent and images are provided on the Preliminary Development Plan. No new site lighting is proposed at this time and any future lighting will comply with the latest edition of the Greenville County requirements.

CONCLUSION and RECOMMENDATION:

The subject parcel, zoned R-12, Single-Family Residential District is located along Ridgeway Drive, a two-lane County-maintained residential road, E Dorchester Boulevard, a two-lane County-maintained residential road, and Williamsburg Drive, a two-lane County-maintained residential road. Staff is of the opinion that a successful rezoning to FRD, Flexible Review District would allow transparency for any future development of the property while providing a supportive need to the surrounding community. Staff feels allowing a Medical Clinic use within the existing Community Center would not create an adverse impact on surrounding properties.

The development would have to meet the following condition:

1. Submit a Final Development Plan for review and approval prior to the issuance of any land development or building permits.
2. Maintain and establish a landscape buffer, building setback, and signage requirements as specified in the Memo on Comment Responses provided by Staff.

Based on these reasons, staff recommends approval of the requested rezoning to FRD, Flexible Review District with the aforementioned condition.
