My interest in serving on the Board of Tax Assessment Appeals is:

I grew up on Augusta Road and continue to live there. I want to serve our city by volunteering my time by a manner in which I have some expertise. I work as a Greenville commercial real estate advisor every day. I am aware of what drives real estate value locally while also keeping an eye on macroeconomics/fed policy. We are fortunate to have a council that put our county in position to thrive through recent economic headwinds.

Describe your understanding of the position for which you are applying:

My understanding is that this board will hear any appeals of tax assessment that get elevated to a point of requiring a hearing of the board. However, I've been on this board for the past three years and have not been contacted to meet a single time. I have emailed/called real property services/Rhonda about this... From what I can tell, this started largely a result of covid in 21'-22' and may have continued while the county settled into the new office buildings. I am hopeful this will change.

Describe your strengths or skills that would positively contribute to the Board of Tax Assessment Appeals:

I understand the upstate real estate market and the important resources and services that our property taxes fund. Each day, I create opinion of value reports for my clients based off of upstate comps. I can quickly determine values of local real estate to help our taxpayers receive accurate assessments and get on with their daily life.

My community topics of concern that relate to the Board of Tax Assessment Appeals are:

My areas of concern really relate to properties on an individual basis. We have many properties in the county that are under assessed and will stay that way until they trade hands. But, we also have properties that have been over-assessed based on passive income that is no longer in place. I just want to do right by our taxpayers and property owners.
